

Event: **Following Distance**

Action: **Scheduled Coaching**

Focus: **Space Cushion**

COACHING EXAMPLE

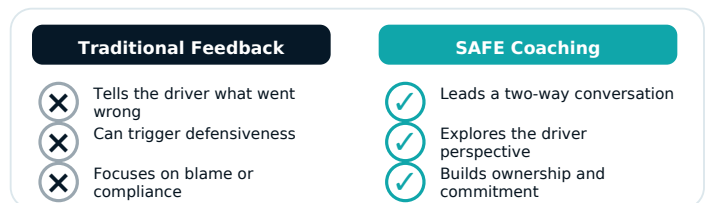

SAFE Coaching Translation Example

Turn risk signals into better coaching conversations.

1. FROM EVENT SIGNAL → COACHING ACTION

2. TRADITIONAL FEEDBACK VS. SAFE COACHING

3. THE SAFE COACHING MODEL - A FOUR-STEP CONVERSATION FRAMEWORK

4. EXAMPLE: FOLLOWING DISTANCE EVENT

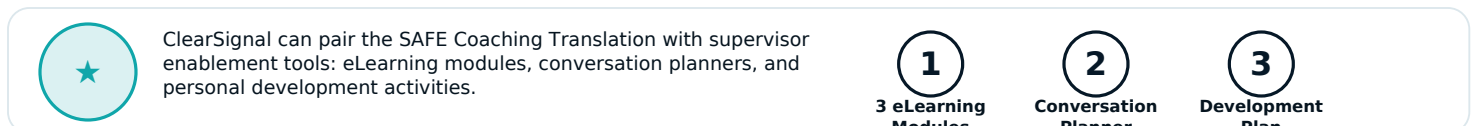

Event Signal	Supervisor Prompt (Set Up)	Coaching Questions (Ask)	Solution Together	Commitment (Encourage)
Following distance 3 events in 48 hours Scheduled coaching	"I'd like to talk with you about the following distance events I am seeing."	What was happening at the time? How did traffic affect you? What could have happened?	Count and maintain 2-3 seconds. Slow down when cut off. Rebuild the space cushion.	Driver agrees to count off following distance and maintain space.

Supervisor Note: Document the conversation, action plan, and follow-up.

5. WHY IT WORKS

- ✓ **Builds Trust**
Drivers feel heard, not judged.
- ✓ **Uncovers Root Causes**
The conversation gets beneath the event.
- ✓ **Creates Ownership**
Drivers help generate the solution.
- ✓ **Drives Results**
Better conversations support safer habits.

6. SUPPORTED BY SAFE COACHING TRAINING

Make every conversation count.
